

The International Workshop on Testing Database Systems

dbtest.io

June 15, 2018 – Houston, Texas

7th DBTest

Workshop on Testing Database Systems

- Previous instance in 2013
- Resurrected from the dead

Stats:

- 15 submissions, 8 accepted (53 %)

Proceedings online on ACM DL

Program Committee

- Sihem Amer-Yahia (IMAG)
- Artur Andrzejak (Uni Heidelberg)
- Renata Borovica-Gajic (The University of Melbourne)
- Geoffrey Fox (Indiana University)
- Leo Giakoumakis (Snowflake)
- Vasia Kalavri (ETH Zürich)
- Eric Lo (CUHK)
- Stefan Manegold (CWI)
- John Poelmann (IBM)
- Meikel Poess (Oracle)
- Danica Porobic (Oracle)
- Anna Queralt (Barcelona Supercomputing Center)
- Norbert Ritter (Uni Hamburg)
- Tiark Rompf (Purdue University)
- Yogesh Simmhan (Indian Institute of Science (IISc), Bangalore)
- Rekha Singal (TCS)
- Markus Weimer (Microsoft)
- Till Westmann (Couchbase)
- Thomas Willhalm (Intel)
- Jianfeng Zhan (Chinese Academy of Sciences)

Program Overview

Time	Session
8:15	Core DBMS
9:15	Cloud and Big Data
10:10	Sponsor Talks
10:30	Coffee Break
11:00	Keynote
11:45	Modern Hardware and New Scenarios
12:15	Closing
15:00 – 16:00	Poster Session

Keynote

Manasi Joshi

Director of software engineering, Google

Machine Learning Testing and Productivity

Sponsors – Thank you!

Sponsor Talk:

Capturing bugs in extreme stress testing: Improving software quality in SAP HANA with Undo

Greg Law, Undo; Stefan Bäuerle, SAP SE
